23rd District PTA is pleased to announce...

John Antonetti, a gifted author and speaker, will provide the keynote address, "The Engagement Cube: What Captivates Today's Learners", at the 23rd District PTA Counterparts Workshop on Saturday, June 6, 2009. The workshop will be held at Murrieta Valley High School, 24105 Washington Avenue, Murrieta, 92562. The keynote address will be presented at 12:30 PM.

Mr. Antonetti is former Director of K-12 Curriculum in the Sheridan School District in Arkansas. Once described by Larry Lezotte as a "teacher's teacher," John is an advocate of experiential education and recognizes that all learners learn best when they work together to solve real world problems in safe, cooperative environments. As founding director of the Northwest Arkansas Therapeutic Ropes Association, Mr. Antonetti used an experiential approach to work with students, teachers, and community and business leaders to develop leadership skills in an outdoor adventure setting. He brings this same experiential focus to his work with individual schools and districts.

John has had the great fortune to teach at all grade levels. He has taught kindergarten, elementary, middle and high school. John served as supervisor of gifted programs in the 18 districts of the Northwest Arkansas Education Service Cooperative before moving to Sheridan, Arkansas.

John has been a lead developer and trainer in the process of classroom walkthroughs, a system for improving curriculum and instruction. He provides schools and districts with on-site instructional analysis and follow-up support through workshops, coaching and classroom demonstration models.

Parents, teachers, and administrators throughout Riverside County are invited to attend the workshop to hear a fabulous presentation by John on engaging students in the learning process.
